

U. S. Suspects Swede Move in United Nations

By WILLIAM N. OATIS
UNITED NATIONS, N. Y. (AP) — The United States and other allies worked today to head off a Swedish proposal that could cripple the U. N. observer force in Lebanon and leave the U. S. Marines there alone.

Swedish representative Gunnar V. Jarling was reported ready to introduce a resolution at the Security Council meeting this afternoon calling for the observers to suspend operations.

Jarling told the Council that the presence of the Marines makes it impossible for the observers to carry out their job of watching the Lebanese borders for any aid slipping through to the Lebanese rebels from President Nasser's United Arab Republic.

Sweden apparently was disturbed that the United States had taken the initiative away from the U. N. by sending in the Marines.

The Swedish proposal had no chance of passing the Council, but the United States reportedly feared that introduction of the resolution might induce some of the 14 countries staffing the 135-man observer corps to pull out their men.

The United States has asked for a U. N. police force to guard Lebanon's borders and has promised to withdraw the Marines if an international force is set up.

The Russians have asked the Council to order the Marines out of Lebanon at once. Their resolution lacks the votes to pass the 11-nation body.

Although Secretary General Dag Hammarskjöld appeared noticeably cool to the U. S. decision to send troops to Lebanon, he did not oppose it as strongly as Jarling and expressed hope the observer group would "retain its key position."

He reported the observers had succeeded in arranging with the rebels for inspection of the entire border area — without help from the Marines.

Iraq: In Hands of Rebels

With unpleasant suddenness the nation of Iraq has been thrust to the forefront of the news. While the true situation of the pro-Nasser revolt in the presently sealed-off country is unclear, the magnitude of Iraq's possible loss to the West is shown by Newsmap above. With an area somewhat larger than California and a population of nearly five million, Iraq occupies a geographical and political keystone position in the Middle East. Rich in vital oil resources, particularly in the regions around Kirkuk and Mosul, only an easily severed railroad and pipeline binds it to the West. One branch of the pipeline runs through Syria, part of the Egyptian dominated United Arab Republic. The other branch leads through Jordan, recently federated with Iraq. Also threatened is the British oil center of Kuwait on the Arabian Peninsula.

Jordan: Country in the Middle

The prospects of a general war in the Mideast hinge on what happens to Jordan, the small and impoverished partner of Iraq whose pro-Western government was overthrown by pro-Nasser army officers. Should the new Iraqi regime make a move to take over any of Jordan's territory (see Newsmap) — then Israel will almost certainly send its armies into Jordan to the banks of the Jordan River (white line in Jordan). Should Egypt's Colonel Nasser, president of the United Arab Republic, decide to aid his new ally, Iraq, he could simultaneously order U. A. R. forces to attack Jordan from Egypt and Syria. These moves might embroil the entire Mideast as well as other countries, for there are issues involved which strategically touch the great powers. U. S. Marines have landed in Lebanon, within easy striking distance of threatened Jordan.

Lebanon: Marines Land

Newsmap locates Beirut, where advance elements of some 5,000 U. S. Marines were put ashore to protect American nationals and to defend the pro-Western government against indirect aggression. Crosshatched areas on map indicate territory believed to be held by pro-Nasser rebel forces. Boxed names are those of rebel leaders. President Eisenhower emphasized that the troops have not been sent as any act of war, and said that American military measures would be terminated as soon as the U. N. Security Council takes necessary action "to maintain international peace and security."

Siege of Hot Weather Due Over Nation

WASHINGTON (AP) — The Weather Bureau expects a large part of the country is in for a spell of abnormally warm weather.

It gave this report today. The Weather Bureau's 30-day outlook for mid-July to mid-August calls for temperatures to average above normal over the southern half of the nation, along the West Coast, and in the middle Atlantic states. Below normal temperatures are in prospect for the northern half of the country between the eastern Great Lakes and the northern Rocky Mountain states. In unspecified areas near normal averages are indicated.

"Precipitation in the northern half of the country is expected to exceed normal between the Rockies and the Appalachians. Subnormal rainfall is indicated for the Gulf and south Atlantic states as well as the far West. Elsewhere near normal rainfall amounts are predicted."

Selwyn Lloyd of Britain in U. S. for Talks

By JOHN M. HIGHTOWER
WASHINGTON (AP) — British Foreign Secretary Selwyn Lloyd flew to the United States today for the urgent task of coordinating U. S. and British policy in the boiling Middle East.

Landing at New York's Idlewild Airport on the heels of news that British forces had moved into Jordan to back up King Hussein's threatened pro-Western government, Lloyd was non-committal.

Asked if he brought proposals from his government concerning the Middle East, the British diplomat would say only that he was "here for discussions with Secretary of State Dulles."

The Jordan move, coming three days after the United States' decision to lend a helping hand to Lebanon's pro-Western government which has been a repeated target of rebel attempts by elements friendly to President Gamal Abdel Nasser of the United Arab Republic.

One issue to be decided in the U. S.-British conferences was what policy to take toward the revolutionary pro-Nasser regime now in control in Iraq. The chief question was whether to seek ways to upset the revolutionaries or to accept their control of the oil-rich country.

Cars Collide at Sixth and Hervey Sts.

A collision at Sixth and Hervey Sts. at 4:50 p. m. Wednesday, damaged two cars but let the drivers off without serious injury, Hope police reported today.

Terrell Baker, Hope groceryman, was going west on Sixth, the report continued, when Ernest Houser of Blevins collided with him. Mr. Houser was going north on Hervey, where a stop-sign is set to protect through traffic on Sixth.

Police charged Mr. Houser with failure to observe the stop-sign and failure to have a driver's license. The investigation was made by Officers Willis, Rothwell, and Moses.

1st Shetland Pony Auction to Be Held Friday, Saturday

Two hundred ponies, four auctioneers and a lot of interest and excitement will stir up the Third District Stock Show grounds Friday and Saturday when the first Shetland Pony Auction ever held in this area gets underway. Starting time is 10 a. m. both days.

The following pictures were made at 11 a. m. today:

TOP PICTURE shows, left to right, George Stringer of Joshua, Texas; M. L. Agne of Cisco, Texas; and Bobby Jenkins of Weatherford, Texas — some of the many visiting pony owners.

BOTTOM PICTURE catches David Ralph Brewer, son of Ralph Brewer of Marietta, Okla., grooming one of his prize ponies for the sale.

Auctioneers who will participate in the sale are: Col. Ray Holden, Harrisonville, Mo.; Col. Bill Tilton, Lubbock, Texas; Col. Ralph Brewer, Marietta, Okla.; and Col. Harold Barker, LaPorte, Ind.

Working the sales ring will be Roy Arnold, with Mrs. Arnold serving as desk clerk. Layone Stonestreet, Garden City, Mo., will be cashier and paymaster.

The auctioneers are from different parts of the country in order to assure a wide representation of prices.

U. S. Throws 19 Warships Into Mid-East Zone

WASHINGTON (AP) — The United States heavily bolstered the naval forces in Lebanese waters today with two aircraft carriers, a heavy cruiser and 16 more destroyers.

This largest single group of warships to reach the Lebanon area carried Vice Adm. C. R. Brown, commander of the 6th Fleet, in his flagship Des Moines.

The flagship cruiser was accompanied by the giant aircraft carrier Saratoga, the heavy attack carrier Wasp, and a division of destroyers.

In addition to the 6th Fleet commander, the new force included two other admirals. Rear Adm. G. W. Anderson, commander of Carrier Division 6; and Rear Adm. Edward A. Hammegan, commander of Carrier Division 14.

The arrival of this heavy force brought the total number of 6th Fleet vessels in the immediate Beirut area to 44.

The 6th Fleet is the naval arm of the combined Middle East force led by Adm. James L. Holloway, U. S. commander in chief for forces from all branches in the entire area.

The navy move came as the United States readied more Marine forces for the Middle East and airborne Army troops, pulled from the NATO line in Germany, reached an advanced staging area in friendly Turkey.

The capital ships and their escort arrived off Beirut about 10 a. m. (EST) today.

The destroyers in the force are the Deal, Cromwell, Hartley, Taussig, John Willis, Van Vorhis, Rich, Baseline, Damato, R. L. Wilson, W. M. Wood, Steinaker, Non, Uncw, Lester and H. J. Ellison.

The Saratoga is commanded by Capt. A. R. Mater of Butte, Mont. The skipper of the Des Moines is Capt. W. H. Governor of Huntington, W. Va. Capt. H. T. Utter of Neville, Ohio, commands the Wasp.

Adm. Anderson lists Brooklyn, N. Y., as his home and Adm. Hammegan is from Washington, D. C.

Jupiter Fired and Its Cone Defies Heat

CAPE CANAVERAL, Fla. (AP) — The Army blasted a mighty Jupiter intermediate-range ballistic missile 1,500 miles across the Atlantic today and recovered its nose cone after a successful recovery from space.

The recovery of the cone was announced about two hours after the missile thundered aloft.

It was the second time a full-scale IRBM nose cone survived the fiery dive from space through the earth's atmosphere at a speed of 10,000 m.p.h., and was recovered.

The Army's missile chief, Dr. Werner von Braun, observed the spectacular launching.

Officials announced that the recovery today and the first one May 18 "affirmed that Army missile men have found a satisfactory solution to the 'warhead protection' problem."

The Jupiter, which is expected to provide the first stage for the Army's moon rocket, went off with a mighty roar at 4:05 a. m. It climbed straight up throwing off a thick stream of white flame that illuminated the Florida sky for miles.

After 70 seconds, the missile moved toward a horizontal course and dove toward the horizon.

The 60-foot rocket was visible for more than 13 minutes.

The cone was instrumented to separate from the missile body somewhere in outer space.

The cone's descent is slowed down by a parachute released automatically at a specified altitude.

As soon as it hits the water, a balloon is released and a location buoy inflated to hold the cone near the surface.

The USS Escape, one of four specially equipped ships on the Navy's recovery team, plucked the cone from the sea near Antigua Island on hour and 36 minutes after it streaked back from space.

Bogus Postal Orders Nail Memphian

LITTLE ROCK (AP) — A man has been arrested at Memphis in connection with the passing of bogus money orders at North Little Rock and in several other cities, postal authorities here said yesterday.

The Postal Inspector's Office said Ernest C. Davis, 34-year-old Negro of Memphis, also would be charged in the theft of 31 money order banks from post offices at Gilmore, Ark., Delmar, Ala., and Natchez, La.

A spokesman for the Inspector's Office said two money orders were cashed at North Little Rock about a year ago. Each had been raised from \$2 to \$52, he said.

Later, the spokesman added, eight other bogus money orders amounting to a total of about \$800 were cashed at Memphis, St. Louis, Paducah, Ky., and Brookport, Ill.

Davis has denied knowledge of the cases, authorities said. He will be given a hearing before a U. S. commissioner at Memphis tomorrow.

King Hussein Explains to His Own People

By THE ASSOCIATED PRESS

AMMAN, Jordan (AP) — British troops landed in Jordan today as the United States airlifted more soldiers to the Middle East and the Soviet Union began sabre-rattling close by.

British paratroopers from Cyprus flew to the Amman airport to support embattled young King Hussein against the wave of anti-Western Arab nationalism which dethroned and killed his cousin, King Faisal II of Iraq.

Hussein announced in a broadcast to his people that the landing was authorized Wednesday night by an emergency session of the Jordanian Parliament. In Amman, at least, the news caused no initial excitement.

The King said the foreign troops were in Jordan as "a temporary measure to protect our borders from enemies circling us in every direction." He said they had been asked in under Article 51 of the U. N. Charter, which provides for collective defense against armed attack without prior authorization from the U. N.

Observers in London believed that Hussein intended to try some sort of military action against the Iraqi rebels. The 25-year-old monarch has proclaimed himself the guardian of the Arab world against the "aggression" of the Iraq-Jordan Arab union, and Britain reportedly has recognized his constitutional right to act against the rebels.

It was still uncertain, however, whether the British forces would confine themselves to safeguarding the Jordanian government or would actively support any military action by the King. Britain created Jordan after World War I and was its protector until last year, when Jordan broke the tie in a wave of nationalism.

President Nasser of the United Arab Republic warned Wednesday night that any aggression against the new Iraqi republic would be considered aggression against his Soviet-armed nation.

The British troops landed in response to an urgent plea from Hussein less than 48 hours after U. S. Marines swarmed ashore at Beirut to bolster the Lebanese government against rebels supported by the U. A. R.

At least 1,000 U. S. soldiers flown from Germany to southern Turkey Wednesday were poised to support the 5,400 Marines in Beirut and offshore with the 6th Fleet. But reports of troop-carrier planes winging south across Austria indicated that more than the 1,000 men announced in Washington actually were on their way, and at least 11,000 were expected to be moved from Germany to the Middle East.

The American planes landed at the Atlantic Alliance standby base at Adana, Turkey, where the men picked up their weapons. They awaited Washington's decision on where they might be needed to back up the Marines quietly patrolling Beirut's port and airfield in show of force designed to contain the Middle East crisis.

Moscow urged withdrawal of the American force from Lebanon and announced that military maneuvers would begin Friday in the Soviet Union's southern provinces bordering pro-Western Turkey and Iran. The area lies 800 rugged miles across Turkey and the United Arab Republic's Syrian province from Beirut, and some

In the Gubernatorial Campaign

Faubus Ward Finkbeiner

By THE ASSOCIATED PRESS

A gubernatorial opponent's charge that Gov. Orval Faubus had hurt the chances of industrial growth in Arkansas drew a flat denial from the governor yesterday.

Speaking at Forrest City, Faubus declared that Chris Finkbeiner's accusation was disproved by the fact that the Mohawk Rubber Co. of West Helena had located in this state during his administration and had prospered.

Faubus called attention to the firm's settlement of a bond issue yesterday, eight years before the debt was due to be paid off.

The governor said Winthrop Rockefeller, chairman of the Arkansas Industrial Development Commission which received the Helena company's check, commented that the state had provided the plant with a climate for expansion.

"These people," Faubus said of the Mohawk firm, "have experienced our industrial climate and

In a televised speech at Memphis Chancellor Lee Ward last night pressed his campaign pledge to seek a solution to racial integration problems through congressional action.

The gubernatorial candidate's address was beamed into east Arkansas, considered by some as a bastion of strength for Gov. Orval Faubus in the latter's bid for a third term.

Ward reiterated that he stood firmly for segregation but hampered on the theme that he would try to obtain a settlement of the school integration matter through legal procedures.

He slapped hard a Faubus' use of Arkansas National Guardsmen in the Little Rock integration crisis last fall.

The Paragould judge said voters had to choose between what he termed Faubus' advocacy of naked force to resist integration and his

they know what it is and they say it is good."

Gubernatorial candidate Chris Finkbeiner headed for the Batesville area today in his drive to tell as many voters as possible about his plans for a businesslike state government if he wins the race.

Finkbeiner's itinerary listed visits to Cave City and Newark as well as Batesville.

He intends to speak on the court house steps at Batesville tonight.

Yesterday, Finkbeiner's scheduled proposal for a peaceful and legal solution.

Ward said that if he defeated Faubus and the third Democratic contender, Chris Finkbeiner of Little Rock, he would call a conference of Southern governors to work out a plan for getting federal approval of the right to segregate schools by race.

He said the South was so strong in Congress that he was convinced the federal law "as it is now interpreted by our Supreme Court" could be changed to permit segregation.

ule called for trips to Mena, Malvern, Mansfield, Hartford and Waldron. He also visited De Queen, Gilman, Granis, Wickes, Cove, Hatfield, Fort Smith, Acorn, "Y" City, Boles, Needmore, Booths, Abbot, Midland, Hackett and Bonanza.

It was one of the heaviest schedules of his campaign.

At Mena, the candidate outlined his 40-point platform and concentrated on his hope of improving production on small farms and arresting the trend toward migration from Arkansas.

Finkbeiner also stressed his plans to fight for maximum security for pensioners.

He declared that it was "unfair and unhealthy" for senior citizens to be used politically. This was a reference to his previous charges that welfare grants were cut in February so they could be raised just before the gubernatorial campaign.

The candidate said old persons were being told that "if Chris Finkbeiner is elected, they will be thrown off the welfare rolls and their payments cut."

"Neither could be farther from the truth," Finkbeiner said. "By efficiencies in the administration of that department, payments may be increased, if anything—not decreased."

THE CASE OF COLD MURDER

Tenth of a series

by Donald J. Sobel

"Doc Everett is down with the flu," said Sheriff Kimball. "I hated to call you on such a hot day, but I need someone to sign the death certificate."

"Any reason to suspect foul play?" inquired Dr. Haledjian, kneeling beside the body of the wizened old reclus.

"None whatever. Old Carl lived up here alone with his cats. Sort of a character, you know, but harmless. He used to drive to town in a fiver once a week. Since he got the deep freeze installed last year, he came in every other month."

"When was his last trip?"

"Oh, maybe seven — eight weeks ago."

"I suppose the old man disliked banks as well as people?"

"There was that story. Life savings hidden under the floorboards somewhere. The usual stuff. Some folks in town believed it."

"Judging by the body temperature, he's been dead about 12 hours," said Haledjian. "In my terms, he died of plain old age. Incidentally, who found the body?"

"Jim Casey, when he delivered the mail half an hour ago."

Haledjian stepped to the table where the sheriff had laid out the articles found in the dead man's pockets. There were two small fish for the cats, an antique pocket watch, and \$1.10 in coins.

Haledjian picked up the fish, sniffed, and swiftly passed them a foot under the sheriff's nose.

"Smell anything extraordinary?"

"No — just a faint fishy odor."

"That's what is extraordinary," replied Haledjian. "I'll have to request an autopsy, sheriff. Old Carl's death is not what it appears."

troops landed in Jordan today to thwart an imminent plot against King Hussein, the British said. U.S. forces flew into Turkey. Hussein announced big military maneuvers on its frontiers nearby. The United States had 3,400 marines in Lebanon, and more than 1,000 combat-ready paratroopers in Turkey with more on the way. The size of the British forces landing in Amman was not announced.

The British Navy's 43,000-ton aircraft carrier Eagle neared Lebanese waters where the U.S. 6th Fleet, the most powerful ever assembled in the Mediterranean, is on guard. Other British warships and fighting men were gathered in a big buildup of power in the eastern Mediterranean.

WHAT WAS THE BASIS FOR HALEDJIAN'S REQUEST?

...of the old man disliked banks as well as people? ...There was that story. Life savings hidden under the floorboards somewhere. The usual stuff. Some folks in town believed it."

Haledjian stepped to the table where the sheriff had laid out the articles found in the dead man's pockets. There were two small fish for the cats, an antique pocket watch, and \$1.10 in coins.

Haledjian picked up the fish, sniffed, and swiftly passed them a foot under the sheriff's nose.

"Smell anything extraordinary?"

"No — just a faint fishy odor."

"That's what is extraordinary," replied Haledjian. "I'll have to request an autopsy, sheriff. Old Carl's death is not what it appears."

C. T. Coleman, Famed State Attorney, Dies

OSCEOLA, Ark. (AP)—Funeral services were held here today for Charles Thomas Coleman, prominent Arkansas attorney, who died at an Osceola hospital yesterday after a long illness. He was 88.

Coleman, a native of Alabama, studied law at the University of Virginia where he made the highest grades in the history of the school.

He and W. F. Coleman, his twin brother who also took his law degree from the University of Virginia, came to Arkansas in 1880. They practiced together at Little Rock for five years and then W. F. Coleman moved to Pine Bluff.

Charles Coleman practiced at Little Rock until 1903. After his retirement that year he lived with his son, Charles Rose Coleman, on the latter's plantation about 12 miles west of Osceola.

Coleman served as an assistant attorney general and once was a special chief justice of the Arkansas Supreme Court. He served several times as a special associate justice.

He was a former president of the Arkansas Bar Assn. Besides his son, Coleman is survived by two daughters, three grandchildren and four great-grandchildren.

Funeral services were conducted at St. John's Episcopal Church by the Rev. George F. Paine of the Presbyterian Church. Burial was at Osceola.

WORLD BRIEFS

TEGUCIGALPA, Honduras (AP)—President Ramon Villeda Morales and his Cabinet planned a meeting today to detail their needs for a broad program of economic aid from the United States.

President Eisenhower's brother received a generally enthusiastic reception Wednesday when he arrived in the capital of this banana republic on a 19-day Central American fact-finding tour. University students, who had issued a manifesto attacking U. S. policy as imperialism, stayed home and did not ask to meet with the traveling U. S. emissary.

Vilron Morales said his country needs more roads, electric power, education, public health facilities and loans for farmers and manufacturers. Housing and social security were put as long-range aims.

Cubs Move Up on Braves and San Francisco

By ED WILKS

Associated Press Sports Writer

When going to crack first in the National League race while three of the so-called contenders fade away, Milwaukee and San Francisco are stepping along just half a game apart, and the suddenly competent Chicago Cubs are at their best.

The Braves kept their half-game edge with a 6-5 decision at St. Louis Wednesday night after blowing a 4-0 lead. Just 600 percent, who whipped Philadelphia's Phil Phillies 9-2.

The Cubs kept their third-place perch 2½ games behind Milwaukee, by running up a five-game streak for the first time this season, sweeping their second doubleheader in four days with come-back 5-4 and 7-5 decisions over Cincinnati.

That gave the Redlegs a seven-game losing string, and they escaped the cellar only because of Pittsburgh's 7-4 victory over Los Angeles.

In the American League first-place New York defeated Detroit 3-2. Second-place Boston, 12 games behind, beat Kansas City 3-2. Baltimore split a two-night pair with Chicago, winning 6-5 after a 6-1 White Sox victory. And Washington clipped Cleveland 7-6 as Roy Sievers' second two-run homer of the game capped a four-run ninth.

Solo homers by Hank Aaron and Eddie Mathews, who hit a pair, gave it to the Braves in the fifth against reliever Chuck Stobbs (0-2). Mathews' first homer and Woodling's seventh home run as Bob Keegan (0-2) lost in relief. Dick Donovan (5-10) won the opener. Bill Pappas lost it in a two-run second on RBI singles by Billy Goodman and Nellie Fox.

The Senators, given a 3-1 lead on Sievers' first homer, finally nailed it against Moss and loser Ray Narveski (0-7). Dick Hyde's home run came in on Gent (0-2) won it in relief.

Sports in Brief

CHICAGO (AP)—Wednesday just wasn't Birdie Tobbits' day. The Cincinnati Redlegs manager reported to police that someone stole \$1,200 in cash and jewelry from his hotel suite while he and his wife were sleeping. Then to top things off his Redlegs dropped a doubleheader to the Chicago Cubs.

NORWOOD, Mass. (AP)—Former featherweight king Willie Pep, campaigning for another crack at the crown he held twice, battles Bobby Bell of Youngstown, Ohio, tonight in a scheduled 10-rounder at the Norwood Arena. The 35-year-old Pep, from Hartford, Conn., and Bell, a 30-year-old veteran, each reported in top shape after light drills since their scheduled clash last Monday was scratched by rain.

LOS ANGELES (AP)—Notre Dame's football coach, Terry Brennan, says "I don't care for the new try-for-point rule — it cheapens the touchdown."

Brennan, en route to Santa Barbara and a coaching clinic, told reporters: "I have an idea we'll see more passing for the two points than kicking or running."

New football rules gives the scoring team the option of kicking for 1 point or passing for 2 after each touchdown.

NEW YORK (AP)—The progress toward recovery of Roy Campanella, injured Los Angeles Dodgers catcher, is "better than normal."

This was reported today by a spokesman for the New York University-Bellevue Medical Center Institute of Physical Medicine and Rehabilitation.

Campanella suffered a broken neck in an automobile accident last Jan. 28, the injury leaving him paralyzed from the chest down.

All-Stars in 4-0 Victory Over Atlanta

ATLANTA (AP)—The home-run ball, prominent of late in the Atlanta pitching repertory, sullied the Crackers' record of always "doing" ungracious hosts to the Southern Assn. All-Stars.

Homers by ex-Cracker Bob Thorpe, now of Birmingham, and Nashville's Chuck Coles accounted for all of the runs as the Stars beat Atlanta 4-0 last night in the chargin' of most of a crowd of 10,742 fans.

Thorpe broke the Atlanta jinx by powering a Bob Hartman pitch 375 feet to left field as the All-Star leadoff man in the second inning. The way things turned out, that was the only run Nashville's Jim O'Toole and four successors required. The five All-Star hurlers limited Atlanta to five singles and a double by Ebba St. Claire.

Coles, chunky Nashville first baseman, lashed a three-run homer into the right-field signs off Bob Giggie after Shop Frazier of Memphis had singled and Tommy Carroll of New Orleans had coaxed the Atlanta right-hander for a base on balls. There were none out when Coles hit his fourth homer in five days here.

The Stars handed the Crackers their first loss in six All-Star games in the astonishing time of one hour and 37 minutes. Ten pitchers worked, but each began an inning, and there was no wasted warm-up time.

This evened the series which began in 1938 at 10 games each for the hosts and the Stars. The All-Stars have won the last four games.

New Orleans scheduled a make-up game for tonight at Mobile. The other game will be held until tomorrow night.

Billy Bruton's first of the season belted Warren Spahn in a 4-0 lead, but the Cardinals took cover with a five-run third capped by Ken Boyer's grand slam.

Spahn, now 11-6 needed more help after the fifth. He got it from reliever Don MacMahon, who came on with the bases loaded in the eighth, and left fielder Andy Patto, who made a diving catch of Don Blasingame's long liner to end the eighth.

Things were easier for the Giants. They counted four runs in the second three of them were earned. Johnny Antonelli, who hit a two-run triple in the deciding second, won his 10th with a nine-inning hit and had the Phils blanked until the seventh. Willie Mays cracked his slump, getting three hits for the first time since June 6, on a two-run double. Jack Sanford (6-8) lost his third in a row.

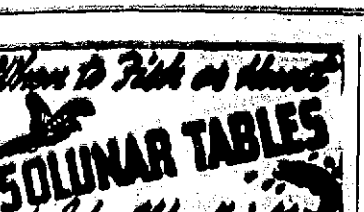

The Cubs, held to four hits for eight innings, won the opener with four consecutive hits off Harvey Haddix and loser Hal Jeffcoat in a three-run ninth inning. Bobby Thomson's two-run double put it away. Relievers Glen Hobbie and Don Elston didn't give the Reds a hit over the last 5-2-3 innings with Elston (7-5) winning his first since May 30.

In the nightcap, the Reds made 9 of their 11 hits good for extra bases, with Ray Whitener leading the two solo homers. But the Cubs hustled through with three in the eighth, winning reliever Bill Houtz's home. The winning run, an insurance marker, Brooks Lawrence (6-7), who also gave up prime Banks' two-run 24th homer, lost his third in a row.

The Pirates took over fifth place as Hank Poles played a three-run homer. Bill Mazeroski and Frank Thomas added solo shots. Bob Friend won his 11th.

Durelle Still Light Heavy Champion

MONTREAL (AP)—Yvon Durelle, the durable fisherman from New Brunswick, still is the British Empire light heavyweight champion. He can look forward now to a possible shot at world champion Archie Moore.

But South Africa's Mike Holt can expect more offers for his services on this side of the Atlantic.

Durelle retained his title Wednesday night when Holt was unable to answer the bell for the ninth round of their scheduled 12-round title fight after a bruising battle.

In Vancouver, promoter Earle Kaland said Moore has tentatively consented to a title fight in September with Durelle.

The 28-year-old fisherman from Erie, Ste. Anne, N. B., was the favorite. But when Referee Max Berger awarded him the fight on a technical knockout, Holt was ahead on the cards of all three judges.

Push-Button Tax-Checking May Be Next

WASHINGTON (AP)—The time may not be far off when a federal tax agent can push a button and tell immediately which tax returns should be doublechecked.

Internal Revenue Commissioner Russell C. Harrington mentioned this possibility today in a statement discussing the big workload handled by electronic machines at Internal Revenue Service offices.

In addition to equipment already in use, Harrington said, his agency's planning and research unit is working on new ways to use electronics in processing tax data.

One such project, Harrington said, is aimed at developing an electronic means of identifying quickly "out of line" returns that need further study to determine whether taxpayers have overpaid or underpaid. He said considerable work already has been done on this project.

Harrington said equipment at three service centers is now doing a large part of the bookkeeping chores once handled by most of the nation's 64 district offices.

The three centers—at Lawrence, Mass.; Kansas City, Mo.; and Ogden, Utah—handled 38 million of the 60 million individual income tax returns filed this year.

This is 16 million more than were processed at these centers last year.

Robbery Pair Are Jailed in St. Louis

ST. LOUIS (AP)—Two men who refused to waive extradition to Arkansas, where they are charged in a mysterious robbery case, remained in jail today pending action by Arkansas authorities.

The pair, John F. Kinney, 47, of East St. Louis, Ill., were arrested here Tuesday on federal charges of unlawful flight to avoid prosecution.

They were unable to make bond, set at \$20,000 for Kinney and \$15,000 for Hollis, in separate hearings yesterday.

Arkansas authorities said that because both refused to waive extradition, they would be kept in federal custody until Arkansas moved to extradite them.

Witness in Kidnap Case Again Held

St. Louis (AP) — Two St. Louis men, one of them a witness in the Greenlease ransom inquiry, were held by the FBI yesterday in connection with the robbery of a man at North Little Rock.

Arrested were John Francis Kinney, 37, a former convict of St. Louis who was the Greenlease ransom witness, and Charles Jefferson Hollis, 33, of East St. Louis. They were jailed here when they were unable to make bond. Kinney was held for \$10,000 and Hollis for \$20,000. Kinney in separate hearing.

They were picked up on unlawful flight warrants, Kinney on a free insubstantial Lemaay and Hollis at his home, after robbery charges were filed against them in Arkansas.

Some reports have placed the ransom taken in the robbery of Hollis, Ferguson at North Little Rock as high as \$12,000. But Kinney and Hollis were accused specifically of robbing him of \$12,000, a \$1500 diamond, a star sapphire and a pistol.

The Post-Dispatch reported Sunday that federal agents, including a representative of the Senate Select Committee on Assassinations, were investigating the holdup.

Kinney, an associate of ex-convict Joseph Costello, operator of the Ace Cab Co. here and a key witness in the ransom investigation, refused to answer questions in 1956 before a federal grand jury in the Greenlease case. He was upheld in his refusal, on grounds of possible self incrimination, by a federal judge.

About half of the \$300,000 ransom paid to the kidnap-killers of 1-year-old Bobby Greenlease in 1953 never has been recovered. Carl Austin Hall and Bonnie Brown Heady, who were executed for the crime, were arrested in St. Louis.

"TREE CLAIMS"

Some of the ranches in South Dakota were acquired in the 1920s through a "tree claim," by carrying out the government requirement that 4,000 trees be planted.

OIL CONTENT

Mayonnaise is about 65 per cent vegetable oils, while salad dressing, with one-half as many calories, has only 30 per cent vegetable oils.

RODEO CHAMPIONSHIPS

Events listed by the Dodge Association for deciding national champions are bronc riding, bareback riding, bulldogging or steer wrestling, calf roping, steer decorating, steer riding and roping and team roping.

Man Walks From L. R. to S. Carolina

FLORENCE, S.C. (AP)—An old man from North Little Rock, Ark., today propped his foot up and talked of doing some more walking.

Robertson pushed a cart full of travel gear into a store yesterday ending a 1,000-mile trek that started May 7 in Little Rock. A shoe concern there had sponsored that jaunt.

The ex-Army sergeant said his feet have stood the strain well and he's ready to tackle a second trip should a suitable sponsor come forward.

He figures his actual time to walk 1,000 miles on a honey-wax shoe is 32 days. That doesn't count moon

News Briefs

BENTON, Ark. (AP)—Woodrow W. Wolf, 41, of Benton, was crushed fatally yesterday in an underground mine accident at the Reynolds Metals Co. plant near Bauxite. Officials said apparently he slipped from a bauxite ore shuttle car he was operating and the car pinned him against a wall.

HOT SPRINGS, Ark. (AP)—Dr. T. M. Durham Jr. reported to police that someone took \$208 in cash the rainy days when he stayed under cover and the time he took off to collect autographs from publishers on route.

Not, apparently, did it count the time he spent corresponding with a widow he met on the hike. "Wouldn't it be a scream," he said with a smile, "if I asked her to walk 1,000 miles on a honey-wax shoe?"

and \$792 worth of checks from his downtown office yesterday. The checks and money were in a desk drawer, the physician said.

LITTLE ROCK (AP)—An attorney for the National Congress of Petroleum Retailers said here last night that service station operators fail to earn a fair profit because oil firms dictate gasoline sales prices. William D. Snow of Toledo, Ohio, told a meeting of the Arkansas Association of Gasoline Retailers that a strong organization should be formed to fight the practice.

SAN FRANCISCO (AP)—Margaret D. Cator of Camden, Ark., whose mother is a high school li-

brarian, has been awarded the \$750 Melcher Scholarship for study in children's library work. The award to Miss Pelter, 21-year-old daughter of the Rev. and Mrs. W. J. H. Pelter, was announced at an annual meeting of the Children's Service Division of the American Library Assn.

LONDON (AP)—Two plane-loads of 105 evacuees from Beirut arrived in London today. Most of them were British employees of Lebanon's Middle East Airline and their families.

The one American on board, Capt. Jack Griffin, a 35-year-old pilot from Miami, said the people in Beirut were "doing a roaring trade selling coconuts and souve-

nirs to the American soldiers."

WASHINGTON (AP)—The Federal Communications Commission yesterday approved a transfer of control of KBOK at Malvern, Ark., to Kernell L. Richardson and Ralph M. Wheat for \$42,500. Also approved was the assignment of license of KTCN at Berryville, Ark., to T. W. Rogers Associates for \$31,473 plus assumption of liabilities.

TAIPEI, Formosa (AP)—The death toll from Typhoon Winnie mounted to 21 today. Delayed reports from the east coast port of Hualien said 16 were killed there when the storm swept through on Tuesday.

Problems May Be Too Much for Mankind

LOS ANGELES (AP)—The world's problems may have gotten beyond man's power to solve them, says Billy Graham.

In an interview Wednesday, the evangelist expressed deep dismay at events in the Middle East.

"History began in Iraq," he said, "and the Bible teaches, I believe, that history will end in the Middle East. We're seeing a shuffling on the stage for the last

great drama of history." Graham said in his talks with world leaders he has yet to find an optimist among them.

"I have yet to encounter a person who sees a ray of hope in world affairs. Our problems are beyond us," he said.
